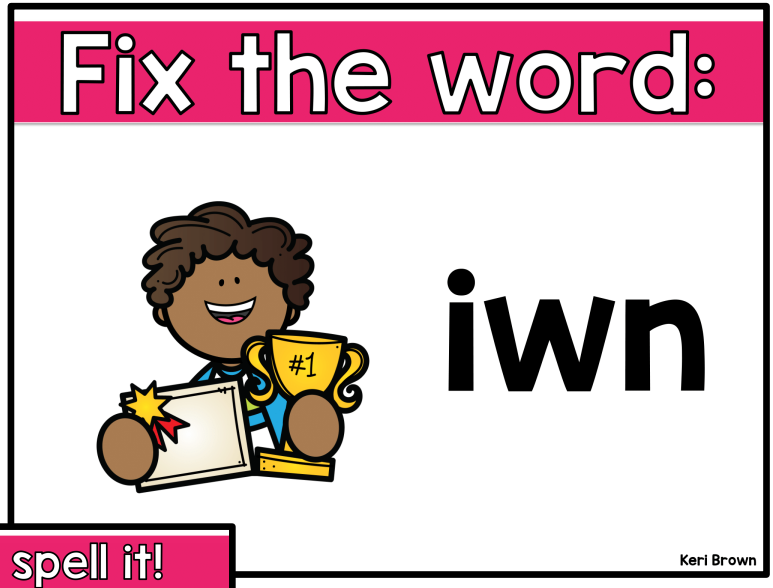
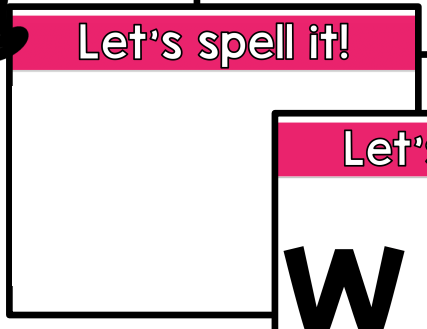
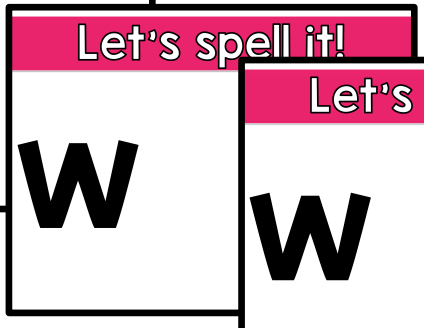
FIX IT SERIES







Enchanted Kinder Garden

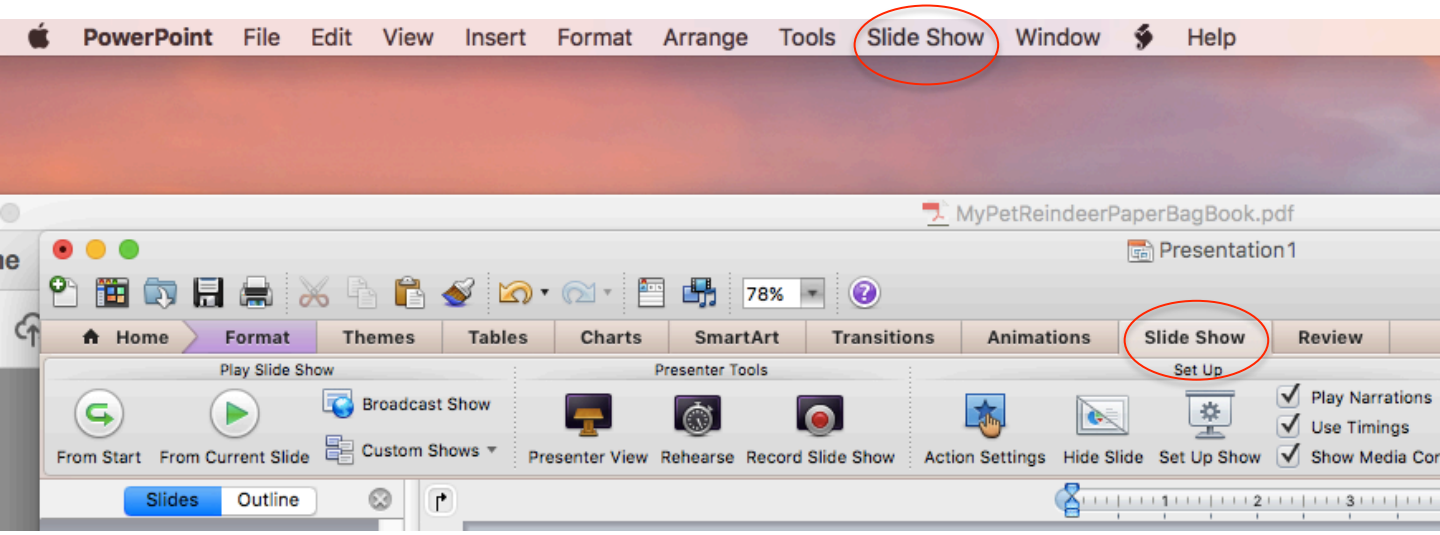
By Keri Brown

See it. Write it. Guide

To get the most out of your purchase, here's an easy how-to for those that may need a little help.

These Powerpoints are designed to be played in Slideshow mode. What does that mean? After you open the Powerpoint, find the menu tab titled Slideshow. Mac and PC's both have a keyboard shortcut so depending on your computer it may differ.

Click the From Start button or Play from Start. This will allow the animations to reveal the word, transitions and the timer to play.



thank You

Thank you so much for downloading this resource. Please remember that this download is for a single classroom use. Please do not redistribute. If you find any errors, please email me.

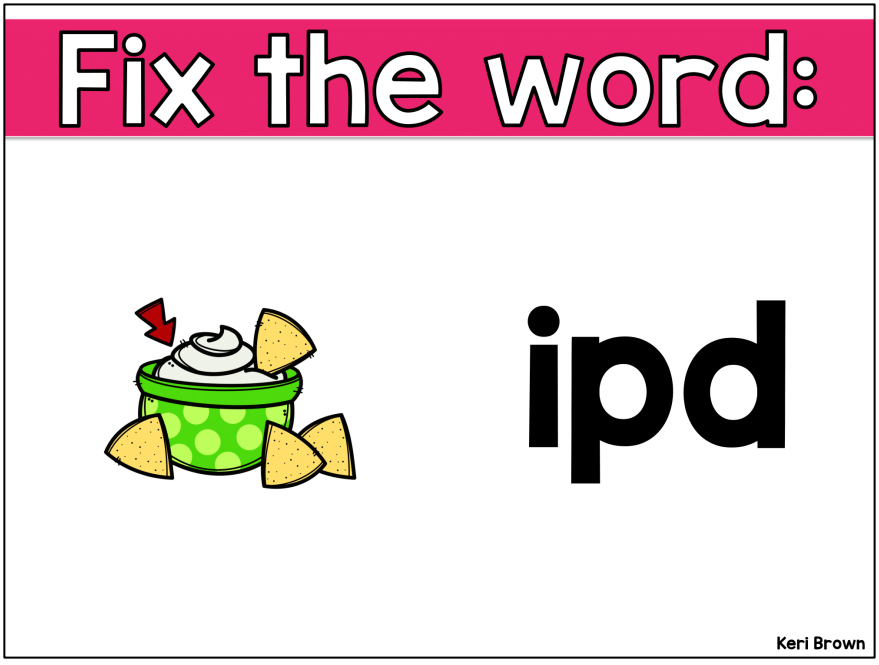
FIX IT: SHORT I



Students may use devices with an app such as Doodle Buddy or ShowMe to write with, whiteboard with dry erase marker or paper to write on.

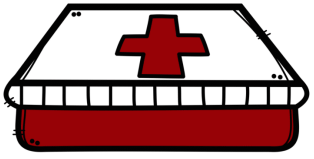
The first few slides show Ready, Set, Go! Students will read each of the words.

The next slide shows the answer and students should check/correct their answer.

SEE IT. WRITE IT.

FIX IT: SHORT I

Fix the word:



itk

Let's spell it!

k i t

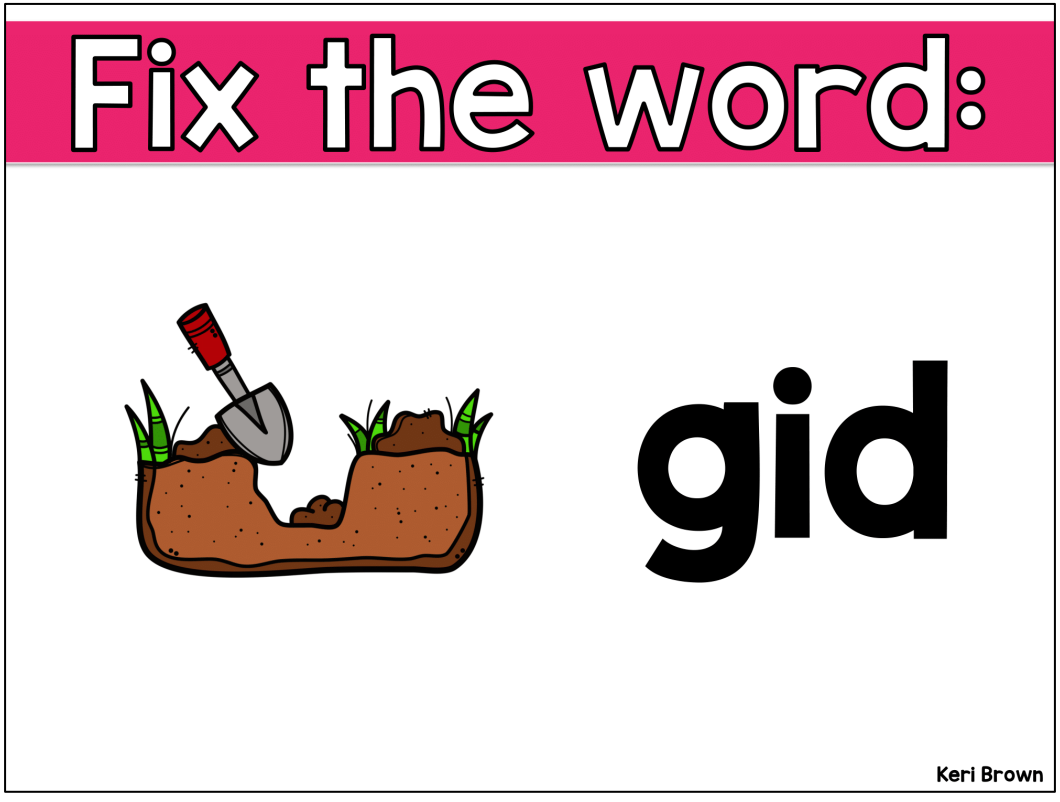
FIX IT: SHORT I



There are three PowerPoints included. One is manual (you have to click to go through entire PPT), one stops on the answer and then you have to manually click to move on, and the other is automatic (it will advance on it's own).
